

# Working With The DatasetLoading The Dataset

Team ID	PNT2022TMID45379
Project Name	Project – Retail Store Stock Inventory Analytics

The screenshot shows the IBM Cognos Analytics with Watson web application. The browser address bar displays `us3.ca.analytics.ibm.com/bi/?perspective=home`. A notification bar at the top indicates "Analyzing Inventory Management Dataset.csv" with "Cancel" and "Details" buttons. The main content area features a welcome message: "Hello. Welcome to Cognos Analytics with Watson." Below this, it says "You can get started right away by taking a look at our introduction video, product tour and Getting Started tab." There are two buttons: "Watch video" and "Take a product tour". To the right is a 3D isometric graphic of blue cubes. Below the main content is a "Quick launch" section with four cards: "Upload data" (with an upload icon), "Prepare data" (with a data icon), "Exploration" (with a magnifying glass icon), and "Present data" (with a presentation icon). Each card has a brief description of its function. At the bottom, there are tabs for "Get started" and "Recent".

This screenshot shows the same IBM Cognos Analytics with Watson interface as the previous one, but with a green notification bar at the top stating "Inventory Management Dataset.csv was uploaded successfully." with a "Hide Details" button. The rest of the interface, including the welcome message, buttons, 3D graphic, and "Quick launch" section, remains identical to the previous screenshot.
